

## ALUCOBOND®'s naturAL Series

ALUCOBOND® naturAL colors mimic the beauty of real metal surfaces to enhance the design of your architectural project. The finely textured aluminum scatters light for a close-up visual effect, while retaining the luster of smooth aluminum from afar. Its imposing, vivid appearance combined with the metallic gloss, light reflection and absorption of these surfaces makes a truly memorable impression. A transparent, weatherproof, fluoropolymeric lacquer system protects the finely rolled surface structures.

Brushed Carbon | Zinc | Brushed Stainless | Rusted Metal | Brushed 50 | Reflect Mirror  
Zinc and Rusted Metal are part of our naturAL Designer Series\*

### MATERIAL COMPOSITION

- › Aluminum facings in 0.020" nominal thickness (interior and exterior to ensure flatness)
- › Proprietary fire-resistant core available in 4mm thickness only (Plus)
- › High quality paint finishes

### FEATURES & BENEFITS

- Light, high rigidity, very flat
- Vast color selection
- Easily fabricated
- Large panel sizes, fast installation
- Low cost for substructures and fasteners, smooth handling on the site
- No additional sound-damping needed
- Simple processing using conventional tools
- Short construction times, adherence to schedules

### naturAL STOCKING ITEMS

	Finish	Core	Stock Size
Brushed Carbon	FEVE	4mm PLUS	62" x 196"
Zinc	PVDF	4mm PLUS	50" x 196"
Brushed Stainless	FEVE	4mm PLUS	62" x 196"
Rusted Metal	PVDF	4mm PLUS	50" x 196"
Reflect Mirror		4mm PLUS	49.2" x 146"
Brushed 50	FEVE	4mm PLUS	62" x 196"
