

ALUCOBOND®'s naturAL Series

Alucobond® naturAL colors mimic the beauty of real metal surfaces to enhance the design of your architectural project. The finely textured aluminum scatters light for a close-up visual effect, while retaining the luster of smooth aluminum from afar. Its imposing, vivid appearance combined with the metallic gloss, light reflection and absorption of these surfaces makes a truly memorable impression. A transparent, weatherproof, fluoropolymeric lacquer system protects the finely rolled surface structures.

BRUSHED CARBON | ZINC | BRUSHED STAINLESS | RUSTED METAL | BRUSHED 50 | REFLECT
Zinc and Rusted Metal are part of our naturAL Designer Series*

MATERIAL COMPOSITION

- › Aluminum facings in 0.020" nominal thickness (interior and exterior to ensure flatness)
- › Proprietary fire-resistant core available in 4mm thickness only (Plus)**
- › High quality paint finishes

FEATURES & BENEFITS

- Light, high rigidity, very flat
- Vast color selection
- Vibration-damping
- Easily fabricated
- Large panel sizes, fast installation
- Low cost for substructures and fasteners, smooth handling on the site
- Unlimited planning and design
- No additional sound-damping needed
- Simple processing using conventional tools
- Short construction times, adherence to schedules

naturAL STOCKING ITEMS

	Finish	Core	Stock Size
Brushed Carbon	FEVE	4mm PLUS	62" x 196"
Zinc	PVDF	4mm PLUS	50" x 196"
Brushed Stainless	FEVE	4mm PLUS	62" x 196"
Rusted Metal	PVDF	4mm PLUS	50" x 196"
Reflect		4mm PLUS	49.2" x 146"
Brushed 50	FEVE	4mm PLUS	62" x 196"
