

# Axcent

## Expanding Design Possibilities

ALUCOBOND® Axcent .040" thick flat aluminum sheet is excellent for any building project that requires painted metal trim, including building fascia, flashing and roof caps. As a thicker metal sheet, ALUCOBOND® Axcent is the ideal building trim not only for rooflines but for high-traffic window and door areas as well. Axcent offers the perfect finishing touch to projects clad in matching ALUCOBOND® Plus ACM colors.
